

Products for the BMW M3 (S65 V8)

Includes: E90 M3 Sedan, E92 M3 Coupe, E93 M3 Convertible

evosport

ENGINE

evo1 ECU Upgrade

\$990

Application: All S65 V8
Part #: PWC.PER.S65.001

Install Time (est.): 1.0 h

evo1 ECU programming from Powerchip; increase top speed limiter, improved throttle response, fuel and ignition modification for optimized power. Available for 91 or 93 octane.

Power Gains¹: Up to +20 HP/+10 FT-LBS.

evo Power Pulley System **NEW!**

\$395

Application: All S65 V8
Part #: EVO.PER.B92.P01 (6MT thru '08), B92.P02 ('08+ 6MT, DCT)

Install Time (est.): 4.0 h

Bolt-on design, billet aluminum power pulley system provides best bang-for-the-buck gains.. Does not modify factory harmonics or alter performance of accessory units. Includes replacement belt and hardware.

Power Gains¹: 21 HP/8 FT-LBS.

evo1 Power Package **NEW!**

\$1,299

Application: All S65 V8
Part #: EVO.PER.B92.PP1 (6MT thru '08), B92.PP2 ('08+ 6MT, DCT)

Install Time (est.): 5.0 h

Power Pulley System and evo1 ECU Upgrade. Bolt-on design, billet aluminum power pulley system provides best bang-for-the-buck gains.. Does not modify factory harmonics or alter performance of accessory units. Includes replacement belt and hardware

Power Gains¹: Up to 35-40 HP/15 FT-LBS.

High Performance Air Filter

\$85

Application: All S65 V8
Part #: AFE.PER.OEF.116

Install Time (est.): 0.5 h

High performance 5-layer cotton gauze air filter replaces OE paper element to increase flow by 54%. Increase horsepower, torque, MPG and filtration efficiency.

Power Gains¹: 54% flow increase.

FOOTNOTES

(1) Power Ratings: Horsepower (HP) and torque ratings quoted by **evosport** are those derived from actual testing on a Dynojet 248 dynamometer in Huntington Beach CA. An 18% drivetrain loss is typically assumed in calculating the difference between rear-wheel and crank HP and torque ratings for cars with automatic transmissions. A 15% drivetrain loss is typically assumed in calculating the difference between rear-wheel and crank HP and torque ratings for cars with manual transmissions. Due to the potential for significant variables that can affect horsepower and torque ratings (e.g., baseline differences from car-to-car of the same make and model, differences in size and weight of wheels and tires, differences in testing dynamometers, differences in testing processes and/or conditions, etc.), quoted HP and torque ratings are approximates. **evosport** does not guarantee that purchased products will achieve advertised HP or torque ratings in customer-specific applications. Power numbers are based on CA 91 octane fuel.

Pricing subject to change and does not include installation. Please call for current info. Not responsible for errors in print.

PRODUCT USE

Many parts sold by **evosport** are intended for off-road use only and may not be legal for street use. **evosport** makes no representation with respect to the legality for street use of any parts sold or their ability to pass emissions tests in any State. Customer understands that it is his sole responsibility to determine applicability of local, State and Federal laws and compliance with them prior to using purchased parts on any vehicle driven on the street. **EVOSPORT MAKES NO REPRESENTATION WHATSOEVER THAT INSTALLATION AND/OR USE OF PARTS PURCHASED FROM EVOSPORT WILL NOT HAVE A NEGATIVE EFFECT ON ANY WARRANTY THAT MAY EXIST ON CUSTOMER'S VEHICLE. CUSTOMER UNDERSTANDS THAT HE OR SHE ASSUMES ALL LIABILITY AND RISK ASSOCIATED WITH THE USE OF PRODUCTS SOLD BY EVOSPORT.**
