PERFORMANCE PACKAGES

evo1 Performance Package \$2,788

Application: All 63 AMG
Part #: EVO.PER.M63.PP1

Install Time (est.): 4.0 h
More info: [Click](#)

evo1 Power Package includes our evo1 ECU programming and Power Pulley System (\$200 savings over purchasing them individually). The perfect bolt-on performance package. Available for 93 or 91 octane.

Power Gains¹: Up to +41 HP/40 FT-LBS.

ENGINE PERFORMANCE

evo1 ECU Upgrade \$1,990

Application: All 63 AMG
Part #: PWC.PER.MBZ.M63.EC1; PWC.PER.M04.C63.EC1 (C63)

Install Time (est.): 1.0 h

Increased horsepower and torque, increased throttle response, removes top speed limiter (Vmax). Available for 91 or 93 octane. Other ECU stages available; please call for more info.

Power Gains¹: Up to +30 HP/30 FT-LBS. Power gains on C63 AMG: +50-70 HP/40 FT-LBS.

evo2 ECU Upgrade \$2,990

Application: All 63 AMG
Part #: EVO.PER.M09.63BS.EC2

Install Time (est.): 1.0 h

ECU programming; removes top speed limiter (Vmax), improved throttle response and ignition timing. **Optimized for use with evosport long-tube headers and exhaust system.** **Turns off rear O2 sensors for no Check Engine Light (CEL).** Available for 93 or 91 octane.

Power Gains¹: See header reference below.

evo Power Pulley System \$998

Application: All 63 AMG
Part #: EVO.PER.M63.P01

Install Time (est.): 3.0 h

Uses continuously variable active damping technology. High grade T-6061 black anodized aluminum pulley; hardened steel hub. Dramatically reduces rotating mass.

Power Gains¹: +15-20 HP/13 FT-LBS.

Performance Air Filters \$200/pair

Application: All 63 AMG
Part #: EVO.PER.M63.AF1

Install Time (est.): 1.0 h

Replace the restrictive stock paper element air filter with these cotton gauze performance filters that allow much more airflow through while filtering harmful particles. Allows the vehicle greater breathability especially helpful on modified cars.

Products for the Mercedes-Benz 63 AMG

Includes: C63, CLK63, E63, CLS63, S63, CL63, SL63, ML63, R63

ENGINE PERFORMANCE (cont'd)

Performance Carbon Airbox \$2,199

Application: All 63 AMG
Part #: EVO.PER.M63.CAB

Install Time (est.): 1.0 h

Complete Carbon Fiber replacement airbox includes larger airboxes, matching engine cover and performance air filters. Plenum volume substantially increased over stock.

Power Gains¹: Up to +15-18 HP

evo 63 Intake Upgrade \$1,499

Application: All 63 AMG
Part #: EVO.PER.M63.IM3

Install Time (est.): 1.0 h

From R&D and testing, we modify the factory air boxes to allow the engine to breathe better and mitigate much of the restriction on the intake side. Includes evo modified lower intake system, in addition to enlarged upper airbox inlets and performance air filters.

Power Gains¹: Up to +20HP **Note:** Air box core exchange required.

evo Phenolic Heat Spacer Kit \$349/set

Application: All 63 AMG
Part #: EVO.PER.M63.PS1

Install Time (est.): 2.0 h

Specially designed phenolic intake manifold spacers help reduce intake temperatures by as much as 100°F. Ideal upgrade for high horsepower and modified cars where heat is your enemy. Includes replacement factory manifold gaskets.

evo Performance Race Headers \$5,995

Application: All 63 AMG
Part #: -

Install Time (est.): 16.0 h

High performance race header system features long-tube tri-Y design, TIG-welded mandrel bent T304 stainless steel with larger primaries. Modification to factory exhaust required. Required: **evosport** evo2 ECU Upgrade. Recommended: **evosport** custom exhaust system. *For off-road use only; eliminates catalytic converters.

Power Gains¹: +65-75 HP/+60-70 ft.lbs of torque with Evosport exhaust & evo2 ECU upgrade

EXHAUST

evo Race Exhaust System \$2,500-\$4,000

Application: All 63 AMG
Part #: -

Install Time (est.): 5.0 h

Available to mate to either the Evosport race headers or factory manifold. Features mandrel bent, TIG-welded stainless steel construction. Includes performance x-pipe and hi-flow resonators. Some cutting & welding required. Attaches to factory AMG mufflers. Quieter sound and catalytic converters optional.

Power Gains¹: +10-15HP. Sport exhaust note.

Products for the Mercedes-Benz 63 AMG

Includes: C63, CLK63, E63, CLS63, S63, CL63, SL63, ML63, R63

DRIVETRAIN

Quaife Limited Slip Differential

\$1,789

Application: W211 E63, C219 CLS63
Part #: QFE.DRV.MBZ.002

Install Time (est.): 11.0 h

Automatic Torque Biasing (ATB) Differential enables your car to accelerate quicker and corner faster by getting the power to the ground! The Quaife Differential powers both drive wheels under nearly all conditions, instead of just one. With the ordinary STOCK open differential, a lot of precious power is wasted during wheel spin under acceleration. This happens because the open differential shifts power to the wheel with less grip (along the path of least resistance). The Quaife, however, does just the opposite. It senses which wheel has the better grip, and biases the power to that wheel. It does this smoothly and constantly, and without ever completely removing power from the other wheel. Especially helpful for modified cars with high horsepower. Beneficial under acceleration, deceleration and for cornering exit speeds.

SUSPENSION

Electronic Lowering Module

\$1,395

Application: All vehicles with ABC or ADC Suspension
Part #: RNT.SUS.MBZ.LM1

Install Time (est.): 4.0 h

For all Mercedes-Benz vehicles with ABC or Air-matic (ADC) Suspension. Allows for adjustment from stock ride height to 50mm (2") drop.

Rear Stability/Toe Link Kit

\$1,149/set

Application: All E, CLS, SL
Part #: EVO.SUS.MBZ.RTL.001

Install Time (est.): 4.0 h

Replace a vital weak point in the vehicle rear suspension, the rear lower toe links. Our upgrade uses high grade machined aluminum with adjustability to stabilize the rear. Helpful under hard acceleration and for improved stability during cornering. A must for modified vehicles.

We also offer Sport Springs and Coilover Suspension kits for vehicles without pneumatic suspension (ie, C63 AMG). Please contact us for more information.

BRAKES

Stainless Steel Brake Lines

\$299/set

Application: C63 AMG
Part #: EVO.BRK.M04.C63.LNS

Install Time (est.): 2.0 h

Teflon-coated stainless steel brake lines for factory brake system. Includes front and rear lines.

Includes: C63, CLK63, E63, CLS63, S63, CL63, SL63, ML63, R63

BRAKES (cont'd)

evo Performance Brake Rotors (Front & Rear) \$1,999

Application: C63 AMG; E63 AMG (W211/W212); CLS63 AMG; SL63 AMG **Install Time (est.):** 4.5 h
Part #: EVO.BRK.M04.R01 (C); M12.R01 (E/CLS); M33.R01 (SL) **More info:** [Click](#)

Includes front and rear multi-piece floating performance rotors, drilled and slotted (Front 14.2"/360mm, Rear 13.0"/330mm). Direct replacement for factory 1-piece or 2-piece rotors; no modification necessary. For use with OE AMG brake calipers only. Brake pad replacement recommended during this install.

Gains¹: Lighter, multi-piece floating rotors allow for better heat dissipation to mitigate brake fade. Up to 40 lbs. of unsprung weight savings over OE rotors aids in better acceleration, stopping distance and cornering ability.

Also Available

Front Rotors (pair) Part #: EVO.BRK.Mxx.RF1	\$1,299
Rear Rotors (pair) Part #: EVO.BRK.Mxx.RR1	\$990
Replacement Front or Rear Discs	\$CALL

Rotora Performance Brake System: 8-Piston/4-Piston \$5,300

Application: All 63 AMG **Install Time (est.):** 4.0 h
Part #: Call

Complete Brake System: Front, 8-Piston, 380x34mm (15") 2-Piece Rotor; Rear, 4-Piston 380x34mm (15"). Rotors available in Slotted or Slotted/Drilled. Calipers available in Metallic Blue, Red or Silver. Includes stainless brake lines, hardware and street pads. Higher performance pads for street and race available as additional option.

Note: This setup is compatible with stock 19" wheels. 380mm (15") 4-Piston rear optional.

Also Available

Rotora 12-Piston/4-Piston Brakes (405mm/16" Front; 355mm/14" Rear) Requires 20" wheels. 380mm/15" Rear Optional. Part #: Call	\$6,100
--------------------------------------------------------------------------------------------------------------------------------------------	---------

More brake options are available. Please call for information.

AERODYNAMICS/EXTERIOR

Pre-Painted Front Bumper Reflectors \$149/pair

Application: All Mercedes-Benz with Amber Reflectors **Install Time (est.):** 0.25 h
Part #: EVO.LTG.Mxx.xxx

Replace the factory US amber front bumper reflectors with these Euro-look pre-painted lenses. Gives the vehicle a much cleaner appearance. Painted using factory quality paint matching exact exterior color. Installs in a few minutes. Available in all factory exterior colors.

FOOTNOTES

(1) Power Ratings: Horsepower (HP) and torque ratings quoted by **evosport** are those derived from actual testing on a Dynojet 248 dynamometer in Huntington Beach CA. An 18% drivetrain loss is typically assumed in calculating the difference between rear-wheel and crank HP and torque ratings for cars with automatic transmissions. A 15% drivetrain loss is typically assumed in calculating the difference between rear-wheel and crank HP and torque ratings for cars with manual transmissions. Due to the potential for significant variables that can affect horsepower and torque ratings (e.g., baseline differences from car-to-car of the same make and model, differences in size and weight of wheels and tires, differences in testing dynamometers, differences in testing processes and/or conditions, etc.), quoted HP and torque ratings are approximates. **evosport** does not guarantee that purchased products will achieve advertised HP or torque ratings in customer-specific applications. Power numbers are based on CA 91 octane fuel.

Pricing subject to change and does not include installation. Please call for current info. Not responsible for errors in print.

PRODUCT USE

Many parts sold by evosport are intended for off-road use only and may not be legal for street use. **evosport** makes no representation with respect to the legality for street use of any parts sold or their ability to pass emissions tests in any State. Customer understands that it is his sole responsibility to determine applicability of local, State and Federal laws and compliance with them prior to using purchased parts on any vehicle driven on the street. **EVOSPORT MAKES NO REPRESENTATION WHATSOEVER THAT INSTALLATION AND/OR USE OF PARTS PURCHASED FROM EVOSPORT WILL NOT HAVE A NEGATIVE EFFECT ON ANY WARRANTY THAT MAY EXIST ON CUSTOMER'S VEHICLE. CUSTOMER UNDERSTANDS THAT HE OR SHE ASSUMES ALL LIABILITY AND RISK ASSOCIATED WITH THE USE OF PRODUCTS SOLD BY EVOSPORT.**
